

Lift up Spontaneous Celebrations

Please help us make our multi -arts community center accessible to all!

Hey Neighbors!

We ask your support to **help us install a wheelchair lift** to make all the wonderful programs at Spontaneous Celebrations more accessible for those of us with mobility challenges.

We've received generous support from the City of Boston and the Commonwealth of Massachusetts to help us toward this goal. We need to raise \$45,000 more by January 1, 2019 to cover the full cost. Please consider an extra gift over and above what you normally give - to help us reach our goal.

This 2018 season is a crucial one for Spontaneous Celebrations as we work on improving this dynamic multicultural arts facility that produces and hosts a diverse mix of programs and events including; Wake up the Earth, the Lantern Parade and Tropical Fiesta.

Thank you for your support, whatever the amount and however you want to get it to us!!

Donate online at our secure website: www.spontaneouscelebrations.org; and let us know if it's a "Gift for the Lift";

Txt2Give option: Text the word GIVE to (617) 409-0697!
